

Information about you

Where are you from?

I am from a city in India called Nagpur, Maharashtra. It is a significant city in that state and is projected as one of the fastest-growing cities in the country.

What can a visitor do in your hometown?

The Hindu Balaji temple complex, the Buddhist Deekshabhoomi monument, and a museum showcasing the local exhibits are beautiful places to visit in my city. Several protected areas and natural parks are close to the city to preserve animal and plant species. The views there are picturesque.

Education

Which degree are you currently pursuing?

I am studying for my degree in Chemistry. I will graduate from the Institute of Science in the next few months.

What do you like the most about your course?

Chemical technologies enrich our lives by providing solutions to environmental, health and food issues. That is why I took up the subject.

Work

What is your professional profile?

I am working as a digital marketing specialist in a start-up. I have been working with the company for the last two years. My job includes boosting the visibility of clients' products online.

Do you think you will change your job in the near future?

Yes, I intend to, as I have learnt all I could from working in a start-up. So, now I want to join a big company and increase my chances of professional growth.

Interests and hobbies

What do you do in your free time?

I indulge in reading and watching documentaries whenever I can make time for them. It is something that I have been doing for years, and they act as a great stress buster for me.

Have you tried developing an interest in any other activity?

I tried playing tennis and thought I would become good at the sport. But, unfortunately, I injured my ankle badly and did not go back to playing tennis again.
